That chronic Bright's Disease is now being cured by treatment that reduces inflammation in the kidneys is beginning to be generally known. We copy the following from the San Francisco

"The recovery is reported of Mr. Z. Lawton of 264 Fifth avenue. San Francisco. The case is especially interesting, due to the fact that books declare chronic Bright's Disease incurable and five city physicians had passed on and diarnosed the case. The usual symptoms found in extreme cases were reported—excessive dropsy, enlarged heart and toward the last the patient could only sleep sitting up, and for six weeks he slept in a chair. Lawton had a cousin, Mrs. W. E. Hoover of Auburn, who also had an advanced case of Bright's Disease. She had been tapped three times when she heard of Fulton's Redal Compound and made a fine recovery. This interested Lawton in the treatment and it resulted in his recovery also, " He is a Mason, member of Excelsior Lodge, and many members will recollect his serious predicament and that they thought they would be called on to pass him over." President John D. Spreckels of the Western Sugar Refining Company of Caligating committee today that his comwith the California and Hawaiin Sugar Company closing down the latter's sugar factory and keeping it out of the cane sugar market for three years. This is one of the allegations in the

government's bill in the sugar trust man. case. Mr. Spreckels said counsel he consulted assured him the transaction was entirely legal. "Then you did have some doubt whether it was a violation of the Sherman anti-trust law?" asked Chairman Hardwick.

"I wanted to be sure."

Suffered Heavy Losses. The California-Hawaiian Company, he

said, had lost about \$600,000 the year

before. They had heavy raw sugar

holdings in Hawaii and wanted to close down their plant. "They asked us to lease their plant or three years, and with it their contracts for Hawaiian sugar," said Mr. Spreckels. "I agreed to lease it, with the proviso that we get all their sugar, about 50,000 tons, a year, and I paid the company \$150,000 a year for the plant. They had been cutting prices and lost money, until they wanted to get out. We received during that period all their raw sugar from Hawaii. Mr. Spreckels said he feared that lease was destroyed in the San Francisco earthquake and fire. He agreed with other beet sugar witnesses that removal of the sugar tariff would ruin the beet sugar industry. "Take part of the tariff off," he said, "and only the larger companies would

survive. Even they eventually would be forced to the wall." Cane and Beet Interests. The story of the relations of the Cali-

fornia cane and beet sugar interests and the so-called sugar trust, the American Sugar Refining Company, was told before the House committee on investigation of sugar trust affairs today by John D. Spreckels of San Francisco. Mr. Spreckels represented the Western Sugar Reaning Company of California, a cane sugar enterprise, and the Spreckels Sugar Company, a beet sugar plant. He was formerly connected with the Spreckls' Philadelphia sugar plant, which was old to the American Sugar Refining Company in the nineties.

In expectancy of the appearance of "Prophet" Joseph F. Smith, president of he Mormon Church and head of the Utah-Idaho Sugar Company, women were present at today's hearing. 'Prophet' Smith, however, was not call d as a witness, and it was stated that he probably would not testify until tomorrow, the committee wishing to proceed with Mr. Spreckels.

President Smith arrived here today after a hot journey across country. He went directly to Senator Smoot's house, Poster Announcing Mass Meeting and will be his guest while here. "I am ready to appear whenever I am wanted," said Mr. Smith, "and have so
